THE SENIOR CLASS OF
ST. CLARE WALKER HIGH SCHOOL

DEDICATION

We, the senior class of 1969 proudly dedicate this last edition of the Wolverine to the memory of St. Clare Walker High School.

St. Clare Walker, named in honor of the late John H. Walker who was a dedicated teacher and principal, has served for more than a half century the Negro youth of Middlesex County in character, scholarship, and leadership training.

We are exceedingly proud and fortunate to have attended St. Clare Walker and are honored to have the opportunity to dedicate the last edition of our yearbook to the memory of our school.

To the Graduates:

Congratulations, Seniors!

It is with distinct pleasure that we congratulate you on reaching this milestone in your career. I am certain that in reaching this goal of high school graduation you have developed more confidence in your ability to meet and overcome obstacles and frustrations and the general problems of life. You "stuck it out." Congratulations!

Also in reaching this goal, I trust that you realized the "supersonic speed" with which change is taking place and the necessity for the continuous personal development to cope with this change. We trust that you realize that by the same token we find increasing opportunities we may expect to find more competition.

This appears to be a period of unrest, demonstrations, war, violence and "prophets" with contradictory doctrines or philosophies. However, in spite of the times, we suggest the following: (1) continue to study, not only textbooks, but current information as well, (2) work intelligently, (3) think critically and create a genuine concern for all mankind.

I feel honored to have worked with each of you. Your class is the largest of the other forty classes which preceded you and your class will probably be the last class of St. Clare Walker High School. This school has graduated approximately a thousand students; five hundred and twenty-five have graduated during my administration. I feel certain my retirement will be filled with pleasant memories of the class of 1969.

ALMA MATER

All hail to the Alma Mater dear,
  Hail the sons who tread thy virgin soil,
Now like thyself in the time of fear,
  Points the way of destiny and toil,
Through the briary meadows and the storm dark shadows,
  Like a shepherd in due time,
Thou has led us gently to a sweeter clime,
  Where the power and light forever shine.

We hail the Queen, Alma Mater dear,
  May thy power and light o'er nations reign,
To guard thy courts we are ever near
  To protect thy virtues is our aim,
Be thy laws undaunted; be thy sons ere wanted
  Be thy throne a shrine of love
May thy sons and daughters All be brave and strong
  True to thee and true to him above.

CLASS HISTORY

In the fall of 1964, there were ninety-five students entering the portals of St. Clare Walker who took a giant step in their quest for knowledge. We came not as strangers but as comrades being the second class to complete the seventh grade at the newly consolidated Rappahannock Central Elementary School. Because we knew each other we shared a sense of belonging and togetherness in our new environment. "Hats off" to Mrs. Neal and Miss Solomon for their assistance during our period of transition.

In our freshmen year, we were orientated into the ways and philosophy of St. Clare Walker. We participated in the Science and Math Conference, daily classroom activities, many intramural sports and programs and social activities. We were overjoyed by the accomplishment of Leroy Lane who won first place in Algebra I. Many of us became members of the band and choir through which we expressed our musical talents and enlarged our knowledge of great composers and their music. The great success of our band, under the direction of Mrs. Boykins, can be attributed to such aspiring musicians as Rose Reed, Diane Melvin, Lois West, Brenda Jarvis, Eli Carter, Richard Scott, and Bruce Foster. The members of our class who participated in the choir were Audrey Roye and James Johnson. Our saddest moments during this year were experienced by the tremendous dropout of several of our classmates. The laughter and smiling faces of our friends were greatly missed, however we endeavored to go on with the business of furthering our education.

During our sophomore year Jerome Carter and Doris Scott brought home honors from the Science and Math Conference. The basketball team profited by having such players as Stanley Redmon, Layafette Briggs, Columbus Lane and Alvin Wake.

Our junior year bought us numerous victories. Once again the class could explode with pride for we could boast of the skillful playing of Layafette Briggs, Stanley Redmon, Alvin Wake, Columbus Lane and Toney Scott who were part of St. Clare's Varsity Basketball Team and also had the privilege of playing in the State Conference Basketball Tournament. We were no less proud of the fact that Alvin Wake and Stanley Redmon were starting pitchers on the baseball team and that Delvin Hodges was chosen as the Most Valuable Player on the team. In the FHA at St. Clare Walker, Joan Beverley was elected as secretary of the FHA Tidewater Federation. In the business curriculum, awards were won by Brenda Jarvis, Earl Lewis and Kenneth Chandler at the District Typing Contest. In recognition of their academic achievements, Leroy Lane, Jerome Carter and Kenneth Chandler were initiated into the National Honor Society. We were the winners in the High School Bowl defeating Central High in the match. During the summer of our junior year Tyrone Key was chosen by the American Legion to represent our county at Boys' State Convention at William and Mary College in Williamsburg. Also during the summer, Kenneth Chandler studied in the Science Program at Virginia Polytechnic Institute.

Four years have passed and now as seniors we are cognizant of many of the opportunities which lie ahead. Mrs. Holmes and Mrs. Thurston deserve a bouquet for their untiring efforts in assisting us in every way possible. As the last graduating class of St. Clare Walker we would like to thank Mr. Thurston and his faculty for instilling in us those qualities of leadership, responsibility, courage, honesty, perserverance and moral values which are so necessary if we are to take our rightful places in the mainstream of a democratic society.

Kenneth L. Chandler

CLASS SONG

"Blowing in the Wind"

How many problems must we Seniors face--
Yes'n long be-fore we are to leave?
How many lessons must a Senior learn--
Before he steps out in life?

The answer our friends is workin' to the end--
The answer is working to the end.

How many months must we Seniors go--
Yes'n long before we are to leave?
How many credits must a Senior earn--
Before walks down the aisle?

The answer our friends is workin' to the end--
The answer is working to the end.

Now here we are leaving dear Walker High
Yes'n long before we'll be returning!
How can we express our many thanks to you--
Before we're forever gone?

The answer to this is workin' to the end--
The answer is workin' to the end.

Patricia Pritchett

CLASS POEM

As Seniors the time has come, we must say
To close the doors behind as the day.

As we chart our course to the goals we survey
Knowing life in hand, we must seek them on our way.

St. Clare Walker, our days are over tis true
We're swinging the doors proudly as we say ado.

We give full thanks to the teachers who thoughtfully cared
And our Principal who solved our problems we bared.

So we say farewell, with our hearts from the core
Farewell St. Clare Walker High forever more.

CHOIR

The St. Clare Walker Choir is made up of two choir classes. The students choose choir as an elective and receive one credit for the year. The desire to sing and to learn about vocal music motivates the students to become choir members. During the year, the choir performs in a Christmas program, a spring program and in graduation exercises. The first two programs are performed in conjunction with the school band and modern dance group. Sacred and secular compositions of all periods are sung throughout the year with emphasis on choral technique, enuciation, and blend and tone quality. The St. Clare Walker Choir has made an important contribution to the school and community life of Middlesex County by combining their voices and learning into a meaningful experience.

WELCOME ABOARD, CLASS OF '69

As an alumnae of St. Clare Walker and a teacher at my alma mater, I am especially pleased to congratulate you on this milestone in your career and to officially welcome you into the folds of the St. Clare Walker Alumni Association.

You have every right to be proud of your success. May it be a vantage point for further development and accomplishments. We invite you to be an active member of the association, helping to keep alive the virtues for which your school has stood--keeping alive the spirit and soul of Walker. Dream your dreams and work to make them real. If the road that you take will be the one that will give you the greatest degree of fulfillment, a feeling of worth, a full measure of peace and happiness then you will have indeed made the best choice of your life.

The words of Emerson written over a century ago resound again and again and are as true as they were then:

"There is a time in every man's education when he arrives at the conviction that envy is ignorance; that imitation is suicide; that though the wide universe is full of good, no kernel of nourishing corn can come to him but through his toil bestowed on that plot of ground which is given him to till . . .

" . . . A man is relieved and gay when he has put his heart in to his work and done his best; but if he has said or done otherwise it shall give him no peace. Nothing can bring peace but yourself. Nothing can bring peace but the triumph of principles."

May your years ahead be years of peace and happiness.

A fellow alumnae,
Easter Duster Holmes

CONGRATULATIONS!
